Welcome!

A golf paradise in the midst of fantastic nature. A luxurious hideaway with everything your vacation heart desires: spa and wellness area, gourmet restaurant and panoramic terrace for sun worshippers. On top of that, you can feel the special charisma of a former estate. No matter where you look, you can see the rolling hills of the golf courses with their lush green lawns, the treetops of the forests and orchards. The Spa & Golf Resort Weimarer Land is a perfect retreat for passionate golfers, for those seeking peace and wellness, and for families looking for a relaxing time out in the countryside. Furniture made of valuable old wood, fine fabric upholstery, designer accessories and a total of seven fireplaces in the house provide a dignified ambience. Culinary indulgence is provided in the Augusta Restaurant - here Chef de Cuisine Marcel Fischer creates artful menus from a mix of Nordic to Mediterranean cuisine. Pure relaxation is offered by the Lindentherme.

Spa + Golf Resort
Weimarer Land

Spa + Golf Resort
Weimarer Land

- Parking space at the entrance
- Reception, restaurant in main building with lif
- Spa and Lindenterme accessible via lift

Accessibility at a glance

- Parking for people with disabilities at the entrance
- Reception, restaurant in main building with lift
- Toilet for people with disabilities in the main building
- Double room for people with disabilities in the main building
- Spa and Lindenterme accessible via lift

Information for people with walking difficulties and wheelchair users

We have compiled some **information on accessibility** below. Detailed information can be found in the test report.

- There is 1 parking space for people with disabilities. This is 10 m from the entrance and at least 250 cm wide and 500 cm long. The surface condition of the path is not low-vibration and easy to walk and drive on. Outdoor paths have a maximum longitudinal slope of 5%.
- The hotel and all rooms and facilities usable and elevated for the guest are accessible without steps. Door thresholds are a maximum of 3 cm high. Ramp to the restaurant (130 cm wide, 7% longitudinal slope). Elevator to the public WC in the basement and to the Lindenthaltherme (door width 90 cm, cabin size 95 x 140 cm).
- Existing passageways in corridors are at least 88 cm wide, in rooms at least 100 cm wide. Doors are at least 85 cm wide (Lindentherme), otherwise from 92 cm.
- The counter/cash register is 105 cm high at the lowest point.
- There are 5 accessible tables (maximum height 80 cm, accessible at a height of 67 cm with a depth of 30 cm).
- Assistance dogs may be brought into all relevant areas/rooms of the establishment.

Room 2240 with sanitary room in the main building (double room):

- The movement areas are:
 - in front of essential furnishings (e.g. cupboards) 200 cm x 180 cm;
 - to the left of the bed 30 cm x 170 cm;
 - to the right of the bed 160 cm x 170 cm.
- The bed is 55 cm high.
- The movement areas in the bathroom are:
 - in front of the sink 140 cm x 127 cm;
 - in front of the WC 150 cm x 150 cm;
 - to the left of the WC 83 cm x 69 cm;
 - to the right of the WC 15 cm x 69 cm.
- There is a fold-up grab bar to the left of the WC.
- The washbasin is wheelchair accessible at a height of 67 cm and a depth of at least 30 cm.
- The mirror can be viewed while sitting or standing.
- The shower is accessible without steps and 120 cm x 125 cm.
- A shower seat is available or can be provided if needed (fixed, folding, hook-in or mobile and stable).

Public WC for people with disabilities in the basement

- There is a unisex WC available.

- The movement areas are:
- in front of the washbasin 115 cm x 140 cm;
- in front of the WC 115 cm x 140 cm;
- to the left of the WC 80 cm x 57 cm;
- to the right of the WC 0 cm x 55 cm.
- There are fold-up grab bars to the left and right of the WC.
- The washbasin is accessible from underneath at a height of 67 cm and a depth of less than 30 cm.
- The mirror is visible in sitting and standing position.

Information for people with hearing impairments and deaf people

We have compiled some **information on accessibility** below. Detailed information can be found in the test report.

- In the event of an acoustic alarm, there is a visually clearly perceptible flashing or strobe signal in corridors and hallways.
- There is no inductive hearing system at the reception desk or in the meeting rooms.
- In the elevator, confirmation of an emergency call is audible, not visual.
- There is at least one freely available power outlet near the bed in Room 2240.
- Ringing or knocking at the room doors is not indicated by a flashing signal.
- WLAN is available for communication.
- There are 5 tables with bright and glare-free lighting in the restaurant, where there are no lamps or hanging lamps that restrict the field of vision.

Information for visually impaired and blind people

We have compiled some **information on accessibility** below. Detailed information can be found in the test report.

- The entrance area is recognizable by a tactilely perceptible change of flooring.
- There are partially glass doors; these do not have safety markings at a height of 40-70 cm and 120-160 cm.
- There are no obstacles (e.g. objects protruding into rooms or corridors).

- There is no visual contrast between the flooring and the stair risers or risers.
- An outgoing emergency call in the elevator is confirmed acoustically, e.g. by an intercom system. The stopping position in the elevator is not announced by voice. The operating elements in the elevator are designed to be visually contrasting and tactilely detectable.
- The operating elements (e.g. door handles, light switches, emergency call buttons) are tactilely detectable throughout the building/object and are visually contrasting almost everywhere.
- Walls or other structural elements can predominantly be used for orientation. Walkways in corridors/walkways/corridors are predominantly visually contrasting to the surroundings.
- All elevated areas that can be used by guests (entrance area, cashier/counter, sleeping rooms, corridors, hallways) are well lit, i.e., bright and glare-free.
- Signage designed in legible lettering. There is good visual contrast between the font/pictogram and the background.
- There is a menu in the restaurant. It is designed in no-frills, high-contrast font.
- Assistance dogs (companion dogs, guide dogs for the blind, etc.) may be brought into all relevant areas/rooms of the establishment/offers.
- The following assistive devices are provided: Reading aids (reading glasses, magnifying glasses, etc.).

Information for guests with cognitive impairments

We have compiled some **information on accessibility** below. Detailed information can be found in the test report.

- The name or logo of the establishment/facility is clearly recognizable from the outside.
- The counter/cash register is directly visible from the entrance door or the path to it is marked pictorially and without interruption.
- The destination of the path is within sight or wayfinding signs are at a distance that is visible at all times or an uninterrupted wayfinding system is in place.
- There is no menu with pictures and food is not visibly presented.
- A business card with the hotel's address and telephone number is visibly displayed at the reception desk or in the dormitory.

Information for allergy sufferers and people with food intolerances

We have compiled some **information for allergy sufferers** below. Detailed information can be found in the test report.

Animal hair

- No animals on the premises or in the immediate vicinity.
- Pet-free rooms available.

House dust

- Allergen-impermeable protective covers (encasings) for mattresses, comforters and pillows available.
- Allergy-safe comforters and pillows without down available.

Food intolerances

- Organic food, food free of flavor enhancers, vegetarian food: at least 1 dish on the menu.
- Gluten-, fructose-, lactose-free food on request

Comfort for all generations

We have compiled some **information on accessibility** below. Detailed information can be found in the test report.

- The hotel and all rooms and facilities that can be used and raised for the guest are accessible without steps. Door thresholds are max. 3 cm high. Ramp to the restaurant (130 cm wide, 7% longitudinal incline). Elevator to the public WC in the basement and to the Lindenthaltherme (door width 90 cm, cabin size 95 x 140 cm).
- Existing passageways in corridors are at least 88 cm wide, in rooms at least 100 cm wide. Doors are at least 85 cm wide (Lindentherme), otherwise from 92 cm.
- The counter/cash register is 105 cm high at the lowest point.
- Rooms with step-free shower and grab bars at the toilet available.
- In the event of an audible alarm, there is a visually clearly perceptible flashing or strobe signal in corridors and hallways.
- In the elevator, confirmation of an emergency call is audible, not visual.
- WLAN is available for communication.
- There are partially glass doors; these have no safety markings at a height of 40-70 cm and 120-160 cm.

- There are no obstacles (e.g. objects protruding into rooms or corridors).
- There is no visual contrast between the flooring and the stair risers or risers.
- Controls (e.g., door handles, light switches, emergency call buttons) are visually contrasted throughout most of the building/property.
- Walkways in corridors/walkways/corridors are predominantly visually contrasting to the surroundings.
- All elevated areas that can be used by guests (entrance area, cashier/counter, sleeping rooms, hallways, corridors) are well lit, i.e., bright and glare-free.
- Signage designed in legible lettering. There is good visual contrast between the lettering/pictogram and the background.
- There is a menu in the restaurant. It is designed in straightforward and high-contrast font.
- The following aids are provided: Reading aids (reading glasses, magnifying glasses, etc.).
- The name or logo of the establishment/facility is clearly visible from the outside.
- The counter/cash register is directly visible from the entrance door or the path to it is marked pictorially and without interruption.
- The destination of the path is within sight or wayfinding signs are at a distance that is visible at all times or an uninterrupted wayfinding system is in place.
- There is no menu with pictures and food is not visibly presented.
- There is a business card with the hotel's address and phone number visibly displayed at the front desk or in the dorm room.
- There is the possibility to store medicines in a cool place.
- There is the possibility to arrange meals according to the needs.
- Snacks outside the scheduled meal times are possible.
